Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Jeffery Brosemer on February 13, 2009.
3. **The application has been amended as follows:**

Claim 1

Line 8, "network, and" has been replaced with --network;--

Line 15, "Internet." has been replaced with -- Internet; and replacing said temporary tunnel with a new tunnel between said mobile IP home agent and said foreign agent using said permanent home address, thereby allowing a mobile host without an IP home address to connect to the Internet when powering up in the foreign network.—

Claim 13

Line 7, “network, and” has been replaced with --network;--

Line 10, “network.” has been replaced with --network; and replacing said temporary IP tunnel with a new tunnel, thereby allowing a mobile host without an IP home address to connect to the Internet when powering up in the foreign network.—

Allowable Subject Matter

4. The following is an examiner’s statement of reasons for allowance: The prior art does not teach or fairly suggest a method for configuring a mobile host that powers up in a foreign network, comprising: setting up a temporary IP tunnel via the Mobile IP protocol to connect said mobile host to its home network while the mobile host is in the foreign network, using an IP broadcasting protocol over said temporary IP tunnel so that said mobile host can discover a Dynamic Host Configuration Protocol (DHCP) addressing server in its home network; using the DHCP protocol to communicate addressing and configuration information between said addressing server and said mobile host while the mobile host is in the foreign network; **and replacing said temporary IP tunnel with a new tunnel, thereby allowing a mobile host without an IP home address to connect to the Internet when powering up in the foreign network, as recited in Independent claims 1, 9, 13 and 14.**

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
